AHIMA® strives to provide the CDI Industry with educational material and products to support all stages of a CDI professionals career. The items in the CDI Progression Ladder represent the educational level of each product. There are products for an apprentice CDI professional, who are recognized as those in the role for five years or less. The veteran CDI professional is one that has over five years' experience and are can be recognized as experts through AHIMA credentials and train the trainer programs. AHIMA also offers support for organizations through the AHIMA Query Services that include the AHIMA Query Template Library and Query auditing services. No matter the stage of career or if the desire is for individual or organizational support, AHIMA has the information needed to continue advancing the CDI industry into the future.
