

Jacqueline Woeppel, ScD, MBA

Dr. Woeppel has extensive and diverse background in health informatics, education, and health policy. She is currently an Epidemiologist at TennCare Pharmacy Division and is an Adjunct Faculty at College of Charleston. Prior to her joining TennCare, Dr. Woeppel served as a Healthcare Innovations Consultant at Tennessee Medical Association helping physicians and providers understand value-based payment reform (Episodes of Care) through data analysis and interpretation of reports (cost, quality, and utilization).

Dr. Woeppel has taught both undergraduate and graduate courses across healthcare informatics from Health Information Management, Design and Analysis of Health Care Information Systems, Data Analysis and Evidence Based Research, and Health Statistics and Analysis.

Dr. Woeppel received a Doctor of Science degree in Health System Management from Tulane University School of Public Health and Tropical Medicine. She holds a Master of Business Administration degree from Belmont University (Nashville), Bachelors of Arts degree in Economics from University of Albany (SUNYA), and a certificate in Health Information Administration from the University of Washington.

Dr. Woeppel is a member of AHIMA and HIMSS. In addition, maintains multiple industry certifications including Registered Health Information Administrator and Certified Coding Specialist.
