

AHIMA

Privacy, Cybersecurity, and IG Institute Agenda

Miami Convention Center, Miami FL

Saturday, September 22, 2018

This is a highly interactive meeting in which attendees are encouraged to engage in discussion and networking with the faculty and other attendees. Please review presentations prior to the meeting and bring any questions, scenarios, and challenges related to any of the topics to be discussed throughout the Privacy, Cybersecurity and Information Governance Institute.

Time	Agenda Outline
7:30 – 8:00 am Room 229AB	Continental Breakfast
8:00 – 8:15 am Art Deco Ballroom – Room 228AB	Welcome and Introductions
8:15 – 10:00 am Art Deco Ballroom – Room 228AB	<p>21st Century Cures and Interoperability, Information Blocking, TEFCA, and Other Initiatives - Art Deco Ballroom – Room 228AB</p> <p><i>Mark Segal, PhD, FHIMSS, Principal at Digital Health Policy Advisors, LLC and Chair of HL7 Policy Advisory Committee</i></p> <p>This session will identify Administration, healthcare and health IT priorities, federal government interoperability efforts, define the importance of the 21st Century Cures legislation to health IT, and help the audience better prepare to respond effectively to Cures-related actions on trusted exchange in information blocking. Lastly, the speaker will identify important elements and implications of recent federal government incentive program proposed rules.</p>
10:00 – 10:30 am	Networking Break with Vendors in Exhibit Hall - Room 229AB
10:30 – 11:45 am Art Deco Ballroom – Room 228AB	<p>Good Data Security to Combat Cyber Threats: Lessons from HHS and FTC</p> <p><i>Iliana Peters, JD, LLM, CISSP, Health Care Services, Polsinelli PC</i></p> <p>The discussion will focus on recent cyber threats and give examples from the news and details on how such attacks may affect regulated entities. The presentation will discuss basic data security hygiene, such as industry best practices across different economic sectors (public and health) as well as details on HIPAA Security Rule requirements that mirror industry practices.</p>
11:45 – 12:45 pm	Networking Lunch - Room 229AB

AHIMA Privacy, Cybersecurity, and IG Institute Agenda

Miami Convention Center, Miami FL

Afternoon Tracks	Track 1 Art Deco Ballroom Room 228AB	Track 2 Room 230
12:45 – 1:45 pm	<p>Peer Perspectives: Information Governance (IG) Insights Panel</p> <p><i>Karen Snyder, MBA, Director, Healthcare & Life Sciences Channels & Solutions at Iron Mountain</i></p> <p><i>Cindy Zak, MS, RHIA, PMP, FAHIMA, Executive Director, Corporate Business Services at Yale New Haven Health</i></p> <p><i>Lori Jayne, RHIA, CHPS, Senior Director of HIM, MaineHealth</i></p> <p>Presentation is tailored to allow HIM leaders and panelists to share their IG journeys to educate and empower other HIM leaders. Panelists will highlight tools, impart knowledge and identify the skills required to drive Information Governance into and across organizations.</p>	<p>Managing Cybersecurity in Healthcare</p> <p><i>Anahi Santiago, CISM, EMBA, Chief Information Security Officer at Christiana Care Health System</i></p> <p>In this session, a Chief Information Security Officer for a large healthcare system will discuss the emergent threat landscape and strategies to build and manage an effective and sustainable cybersecurity program.</p>
1:45 – 2:45 pm	<p>Mitigating Breach and Cyberattack Risks through Information Governance Practice</p> <p><i>Ann Mehan, RHIA, Senior Consultant, Healthcare & Life Sciences Channels & Solutions at Iron Mountain</i></p> <p><i>Karen Snyder, MBA, Director, Healthcare & Life Sciences Channels & Solutions at Iron Mountain</i></p> <p>The speakers will address current innovations and technologies that increase the probability of a cyberattack. They will then explore possible gaps and offer tools to build your security and privacy programs.</p>	<p>NIST Cybersecurity Framework - Adopt or Perish</p> <p><i>Robert Brzezinski, MBA, CISM, CHPS, CISA, President at Bizwit LLC</i></p> <p>This session will help HIM managers, Privacy and Security Officers understand principles of NIST Cyber Security Framework, and practical implementation challenges, so they can ask the right questions, better support organizational changes, and influence decision makers when developing and adopting IT and security strategies in their organizations</p>
2:45 – 3:05 pm	Networking Break – Room 229AB	

AHIMA Privacy, Cybersecurity, and IG Institute Agenda

Miami Convention Center, Miami FL

<p>3:05 – 4:30 pm Art Deco Ballroom – Room 228AB</p>	<p>One Year After NotPetya: Confronting Healthcare’s Collective Threat</p> <p><i>Michael Clark, MBA, SVP and General Manager Provider Solutions at Nuance Healthcare</i> <i>Joe Petro, MS, SVP, Engineering, Research & Development at Nuance Healthcare</i></p> <p>In this session, speakers will share the effective policies, procedures, tools, and techniques to guide health systems’ ongoing security journeys, share lessons learned and the importance of security certifications such as the HITRUST Common Security Framework (CSF®), and build an evolving skillset needed by HIM professionals to defend patient information and maintain continuity of care.</p>
<p>4:30 – 4:45 pm</p>	<p>Closing Day 1 - Art Deco Ballroom – Room 228AB</p>

CEUs: 6.5 (plus additional 1 CEU for networking in the Exhibit Hall)

AHIMA Privacy, Cybersecurity, and IG Institute Agenda

Miami Convention Center, Miami FL

Sunday, September 23, 2018

Time	Agenda Outline
7:30 – 8:00 am Room 229AB	Continental Breakfast Sponsored by Maize Analytics 
8:00 – 8:15 am Art Deco Ballroom – Room 228AB	Welcome and Introductions
8:15 – 9:30 am Art Deco Ballroom – Room 228AB	Current Trends in Cyber Crimes <i>Paul Adie, Senior Special Agent with the United States Secret Service, Miami Electronic Crimes Task Force</i> This session provides for a unique opportunity for attendees to hear from, and interact with, a member of the United States Secret Service, Miami Electronic Crimes Task Force where he will speak on cybercrimes occurring in the US.
9:30 – 10:30 am Art Deco Ballroom – Room 228AB	View to a “Kill Chain” – Hacking 2FA <i>Roger Grimes, Data-Driven Defense Evangelist at KnowBe4</i> <i>Ty Greenhalgh, HCISPP, CEO at Cyber Tygr</i> These two speakers will define the 7 stages of the "Cyber Kill Chain" and discuss a hacker’s strategy for attack; illustrate activities, exploit techniques and compensating controls associated at each stage; demonstrate how 2 Factor Authentication can be hacked during an Exploitation Stage attack; and apply the behavioral economic model of "Prospect Theory" to the process of risk analysis and compensating control selection.
10:30 – 10:55 am	Networking Break with Vendors in Exhibit Hall - Room 229AB
10:55 – 11:45 am Art Deco Ballroom – Room 228AB	Privacy and Security Competency Gaps: How to Navigate Your Way to Success <i>Lou Galterio, CEO at Suncoast RHIO</i> <i>Tanya Srdanovic, MPA, RHIA, CHPS, Project Manager at Yale New Haven Hospital</i> <i>Ron Hedges, JD, Senior Counsel at Dentons US LLP</i> <i>Cathy Hansen, RHIA, HIM Director at St. Croix Regional Medical Center</i> <i>Rita Bowen, MA, RHIA, CHPS, CHPC, SSGB, VP of Privacy Compliance and HIM Policy at MRO Corp.</i>

AHIMA Privacy, Cybersecurity, and IG Institute Agenda

Miami Convention Center, Miami FL

	With the support of a moderator, these panel speakers will provide a brief overview of IGAM™ and IGHealthRate™, review IGAM Competency: Privacy and Security, discuss the maturity markers, and deliver insight and tips for closing the gap on information sharing practices.	
11:45 – 12:45 pm	Networking Lunch - Room 229AB	
Afternoon Tracks	Track 1 Art Deco Ballroom – Room 228AB	Track 2 Room 230
12:45 – 1:45 pm	<p>The GDPR: What Might it Mean for Health Care Providers in the US?</p> <p><i>Ron Hedges, JD, Senior Council at Dentons US LLP</i> <i>Gail Grottehrer, JD at Akerman, LLP</i></p> <p>Speakers will explain what the GDPR is intended to accomplish and explore the broad definition of personally identifiable information, the protections given to data subjects and its emphasis on data minimization and security. They will also address circumstances under which US healthcare providers may be subject to the GDPR and how to ensure compliance.</p>	<p>Navigating Security Under Changing Winds: Cybersecurity Healthcare Mergers and Acquisitions</p> <p><i>Nadia Fahim-Koster, MBA, MSL, CISSP, Managing Director, IT Risk Management at Meditology Services</i> <i>Jana Courmier, CHP, CHC, VP Privacy and Compliance at Tivity Health</i></p> <p>This session will help security and compliance professionals with identifying and addressing security and compliance risks introduced after a merger, formulating action plans for security and compliance integration, understanding the stages of security plan implementation, and establishing a framework for pre-merger due diligence steps.</p>
1:45 – 2:45 pm	<p>Being Ready for the Worst-Case Scenario: How to Prepare, Test, and Implement Disaster Preparedness and Business Continuity Plans</p> <p><i>Adam Bullian, JD, at Xpio Health</i> <i>Cheri Silveira Moliere, PMP, HCISPP, CPHIMS, Consultant at Xpio Health</i></p> <p>This session will cover the roles in disaster recovery and business continuity planning and execution; how to develop and implement a disaster recovery and business continuity plan;</p>	<p>42 CFR Part 2 – Confidentiality of Substance Use Disorder Records</p> <p><i>Karolina Austin, CHPE, HIM Director and Privacy Officer at Operation PAR, Inc. PEMHS, and Boley Centers</i></p> <p>This speaker will detail the Confidentiality and Privacy regulations that govern substance abuse use disorder treatment facilities and records. She will provide an understanding of the difference between HIPAA Laws and 42 CFR Part 2 Laws and provide an overview of the</p>
