2016 Certified Coding Specialist (CCA) Self Review

1. A 60-year-old male patient had an open wound of the scalp with foreign body. He was treated in the ED and instructed to return to the physician's office for suture removal. He presents and the sutures are removed. What code is assigned in the physician's office?
 - a. S01.02XD
 - b. Z48.02
 - c. Z48.817
 - d. S01.02XA
2. A patient had multiple fractures and after treatment was sent to the rehabilitation facility. A new physician sees the patient. How is the 7th character assigned for the fracture codes?
 - a. Active encounter
 - b. Subsequent encounter
 - c. Sequela
 - d. None. This is coded to orthopedic aftercare.
3. A patient has moderate mixed hearing loss in the left ear and severe sensorineural hearing loss in the right ear. How is this coded?
 - a. H90.72, H90.41
 - b. H90.8
 - c. H90.2, H90.5
 - d. H90.6
4. This 66-year-old female patient is receiving blood transfusion because of anemia due to chemotherapy she has been receiving to treat rectal cancer. Surgical treatment was provided and she is now receiving chemotherapy. How is this coded?
 - a. D64.9, T45.1X5A, Z85.048
 - b. C20, D64.81, T45.1X5A
 - c. D64.81, C20
 - d. D64.81, C20, T45.1X5A
5. A 78-year-old male patient has these diagnoses: Acute cerebral infarction, thrombosis of the right anterior cerebral artery with left-sided hemiplegia. How is this coded?
 - a. I63.321, G81.94
 - b. I63.3, G81.90
 - c. I63.00, G81.94
 - d. I63.321, I69.354
6. DISCHARGE DIAGNOSES: Multiple pressure ulcers in a 78-year-old bedridden nursing home patient. Patient brought to the hospital for a debridement. The physician documented: Bilateral ulcers of gluteus and ulcer of sacrum. Nursing documentation states: Stage 2 bilateral ulcers of gluteus; Stage 1 ulcer of sacrum. How is this coded?
 - a. L89.309, L89.159
 - b. L89.329, L89.319, L89.159
 - c. L89.312, L89.322, L89.151
 - d. L89.312, L89.322
7. This 28-year-old female has had two previous spontaneous abortions at six months and presents for a transvaginal cervical cerclage. How is this coded?
 - a. 0UVC7DZ, 0UHC7HZ
 - b. 0UVC7ZZ
 - c. 0ULG7ZZ
 - d. 0UVC7CZ
8. A 34-year-old male fell and hit his head. A craniotomy was done to evacuate the right subdural hematoma. Two burr holes were placed and then the craniotomy incision was extended to connect the burr holes to perform the evacuation of the subdural hematoma. How is this coded?
 - a. 00940Z0Z
 - b. 0W310ZZ
 - c. 00C43ZZ
 - d. 00C40ZZ

2016 Certified Coding Specialist (CCA) Self Review

9. Which statement is true regarding coding debridement in ICD-10-PCS?
- Knife dissection means the same as excisional debridement
 - Minor removal of loose fragments with scissors or using a sharp instrument to scrape away tissue is the same as excisional debridement
 - Excisional debridement is when the provider documents excisional debridement and/or the documentation meets the root operation definition of "Excision"
 - Excision of bone, fascia or muscle is always excisional debridement
10. A 72-year-old male patient had an angioplasty of the right femoral artery treated with Lutonix drug-coated balloon; and the left femoral artery angioplasty with the drug-coated balloon followed by a stent placed. How is this coded?
- 047K3Z1, 047L3D1
 - 047L3Z1, 047K3D1
 - 047L3D1, 047K3D1
 - 047K3ZZ, 047L3DZ
11. The right internal jugular vein was punctured to insert a dialysis catheter. The tip of the catheter resides at the cavoatrial junction. How is this coded?
- 02H633Z
 - 02HV33Z
 - 02H632Z
 - 05HM33Z
12. A TMVR was performed with a percutaneous approach for mitral valve repair via the coronary sinus. How is this coded?
- 0345T
 - 0344T
 - 33418
 - 33419
13. A complex pilonidal cyst was excised. Closure consisted of a Limberg flap (8 sq cm). How is this coded?
- 14000
 - 11772
 - 11772, 14000
 - 11772, 14001
14. This 65-year-old-male patient had a diagnostic colonoscopy performed. The physician was unable to advance it past the transverse colon. How is this coded?
- 45330
 - 45378-53
 - 45478
 - 45380
15. How is the treatment of microcystic lymphatic malformation in the neck coded when multiple angiocaths are used and injection of alcohol is performed with removal of the catheters after 10 minutes?
- 37241
 - 37242
 - 37241, 36470
 - 37243
16. What code is reported for static surface electromyography?
- 96002
 - 96004
 - 96002, 96004
 - 95999
17. How is a bilateral ultrasound of the breasts coded?
- 76641
 - 76641-50
 - 76642
 - 76882
18. The patient is having a laparoscopic esophagogastric fundoplasty performed with removal of the existing Nissen fundoplication. How is this coded?
- 43280-22
 - 43280, 43499
 - 43499
 - 43280, 43332
19. How is car seat – evaluation coded? The patient has developmental delays and has outgrown the present car-seat.
- 97542
 - 97001
 - 97535
 - 97535, 97001

2016 Certified Coding Specialist (CCA) Self Review

20. A transcatheter insertion of a leadless pacemaker is performed. Which of the following procedures may be assigned in addition to the code for the procedure?
- 76000
 - 93566
 - 75820
 - All of the above
 - None of the above
21. Which is a true statement?
- VA ECMO/ECLS provides support for the lungs only after acute lung injury
 - VV ECMO/ECLS provides support for the heart and lungs after acute lung injury
 - VV ECMO/ECLS requires at least two cannulae
 - VA ECMO/ECLS requires at least two cannulae
22. According to the 2016 HHS OIG Work Plan, which operating component conducts auditing services for HHS?
- OAS
 - OEI
 - OI
 - OCIG
23. Which diagnosis will be reviewed for accurate payment by the OIG according to the 2016 HHS OIG Work Plan?
- Congestive heart failure
 - Kwashiorkor
 - Acute myocardial infarction
 - Respiratory failure
24. Which of the following is NOT an example of "subsequent encounters" for coding injuries?
- A patient encounter for cast removal
 - A patient encounter to remove an external fixation device
 - Physical therapy after patient sustained a fracture
 - Treatment of scar after burn
25. Acute inflammatory demyelinating polyneuropathy is coded to:
- G61.0
 - G61.81
 - B27.91
 - M32.19
