Item Review Screen

Instructions

Below is a summary of your answers. You can review your questions in three (3) different ways.

The buttons in the lower right-hand corner correspond to these choices:

1. Review all of your questions and answers.
2. Review questions that are incomplete.
3. Review questions that are flagged for review. (Click the 'flag' icon to change the flag for review status.)

You may also click on a question number to link directly to its location in the exam.
Sample of RHIA calculation item; formula NOT provided: Candidates are provided all of the appropriate information to answer a question on the exam. Therefore, commonly-used hospital statistical formulas are provided if a question requires calculations that go beyond basic rates and percentages.

1. A hospital has 275 adult beds, 30 pediatric beds, and 40 bassinets. In a non-leap year, inpatient daily service days were 75,860 for adults, 7100 for pediatrics, and 11800 for newborns. The inpatient occupancy rate for the hospital is
   a. 76%
   b. 58%
   c. 32%
   d. 46%
