

## AHIMA and Information Governance: A New Tool for a New Era

Information is your organization's greatest asset. Harnessing that information is your organization's greatest challenge. Information governance (IG) is your greatest tool!

With the right people collecting, controlling, and protecting information, it can be effectively used to make smarter decisions, improve performance, manage costs, and reduce risks. AHIMA members have automatic access to a wealth of IG tools, knowledge, and support. Join today and start applying the benefits of IG (and other benefits) with your membership!
