GET THE MOST FROM AHIMA IN 2017!
You asked for it, you got it! AHIMA will roll out new exciting membership opportunities in 2017. Join the new Active Premier membership, providing even greater opportunity with savings on AHIMA products and services, unlimited credential maintenance fees, and free access to a variety of products worth 8 CEUs.
CERTIFICATIONS

CERTIFIED CODING ASSOCIATE (CCA®)

Product Code: CCA
The CCA credential distinguishes coders by exhibiting commitment and demonstrating coding competencies across all settings, including both hospitals and physician practices. Becoming a CCA positions you as a leader in an exciting and growing market.

List Price: $299 | Member Price: $199

CERTIFIED CODING SPECIALIST (CCS®)

Product Code: CC
CCSs are skilled in classifying medical data from patient records, generally in a hospital setting. These coding practitioners:

• Review patients’ records and assign numeric codes for each diagnosis and procedure
• Possess expertise in the ICD-10-CM and CPT coding systems
• Are knowledgeable about medical terminology, disease processes, and pharmacology.

List Price: $399 | Member Price: $299

EXAM PREPARATION RESOURCES

Certified Coding Specialist (CCS) Exam Preparation, Sixth Edition
Jennifer Hornung Garvin, PhD, MBA, RHIA, CCS, CPHQ, CTR, FAHIMA
Product Code: AC400414
Get ready to earn your Certified Coding Specialist (CCS) certification! Combining in-depth study materials covering CPT, HCPCS Level II, and ICD-10-CM and ICD-10-PCS content with comprehensive testing practice, Certified Coding Specialist (CCS) Exam Preparation provides the added knowledge and test-taking skills to face the CCS certification exam with confidence. The practice exams, supplemental practice questions, case studies, and online assessments will help prepare you for the exam experience, providing opportunities to test your knowledge and skills. Give yourself an advantage by investing in this exclusive exam prep.

List Price: $79.95 | Member Price: $64.95

Bundle: CCS Exam Registration and CCS Exam Preparation book
Product Code: PKG5
List Price: $373.95 | List Price: $258.95

Certified Coding Associate (CCA) Exam Preparation, Fifth Edition
Rachael Gagner D’Andrea, MS, RHIA, CPHQ, CHTS-TR, Editor
Product Code: AC400316
Certified Coding Associate (CCA) Exam Preparation provides the ICD-10-CM/PCS and CPT practice you need to face the CCA certification exam with confidence. The practice exams and practice questions included on the online assessments simulate the exam experience and provide opportunities to apply your knowledge and skills.

List Price: $74.95 | Member Price: $59.95

Bundle: CCA Exam Registration and CCA Exam Preparation book
Product Code: PKG5
List Price: $373.95 | List Price: $258.95

Certified Coding Specialist (CCS®) Practice Exam in ICD-10
Product Code: CCSPRAC10
The CCS online practice exam in ICD-10 is an opportunity to test knowledge and skills prior to taking the exam. The computer-based practice exam is a critical tool to assess a candidate’s readiness to sit for the exam. The 35 multiple-choice questions and three medical scenarios, covering all eight domains of the CCS exam, are written by AHIMA item writers who develop questions for the CCS exam. The score report provided at the end of the exam shows areas of strength and areas where more studying is needed. Candidates can use that information to guide the next steps of their exam preparation process.

List Price: $59.99 | Member Price: $49.99

Certified Coding Associate (CCA®) Practice Exam in ICD-10
Product Code: CCAPRAC10
The CCA online practice exam in ICD-10 is an opportunity to test knowledge and skills prior to taking the exam. The computer-based practice exam is a critical tool to assess a candidate’s readiness to sit for the exam. The 60 questions, covering all six domains of the CCA exam, are written by AHIMA item writers who develop questions for the CCA exam. The score report provided at the end of the exam shows areas of strength and areas where more studying is needed. Candidates can use that information to guide the next steps of their exam preparation process.

List Price: $59.99 | Member Price: $49.99

TOP TEN CHALLENGES (AND SOLUTIONS!) OF PASSING THE CCS EXAMINATION
Kelli Horn, RHIT, CCS, CCA, AHIMA-approved ICD-10 Trainer
Product Code: AUDA120116 | CEUs: 2
Prepare to pass the CCS® credential exam with this on-demand webinar. The webinar will cover the top ten challenges facing credential candidates when sitting for the CCS exam. This includes coding experience, inpatient coding, coding guidelines, non-coding variables, and more.

List Price: $119 | Member Price: $99
CERTIFIED CODING SPECIALIST (CCS) VIRTUAL EXAM PREP

March 2017
August 2017
Registration opens November 21, 2016.

Combining in-depth study materials covering CPT, HCPCS Level II, and ICD-10-CM and ICD-10-PCS content with comprehensive testing practice, Certified Coding Specialist (CCS) Exam Preparation provides the added knowledge and test-taking skills to face the CCS certification exam with confidence. The practice exams, supplemental practice questions, case studies, and online assessments will help prepare you for the exam experience, providing opportunities to test your knowledge and skills.

Attendees also have the opportunity to participate in a 2-hour virtual learning session providing interaction with instructors for review and questions.

List Price: $399 Webinar Set and Learning Session
$749 Bundle (includes webinar set, learning session, book, exam voucher)

Member Price: $299 Webinar Set and Learning Session
$579 Bundle (includes webinar set, learning session, book, exam voucher)

BOOKS

Medical Coding for Non-Coders, Second Edition
Karen S. Scott, MEd, RHIA, CCS-P, CPC, FAHIMA
Product Code: AC202213
e-book also available!

Even non-coders need some coding knowledge! In its second edition, Medical Coding for Non-Coders delivers a valuable introduction to medical coding for those in healthcare who need to understand the process of coding, but do not need the level of specificity required to be a coding professional.

List Price: $54.95 | Member Price: $44.95

Clinical Coding Workout: Practice Exercises for Skill Development with Online Answers, 2016
Product Code: AC201516

Can you solve the coding puzzle? Clinical Coding Workout challenges coding professionals with more than 1,500 coding scenarios and exercises to develop the expert skills required for coding accuracy. Questions are presented by code set and include ICD-10-CM, ICD-10-PCS, CPT®, and HCPCS Level II. Perfect for HIM educators, coding professionals and managers, employers, and those preparing for the CCS and CCS-P exams. Let’s see how well you can code!

List Price: $99.95 | Member Price: $79.95

NEW EDITION COMING JANUARY 2017

Root Operations: Key to Procedure Coding in ICD-10-PCS
Ann Zeisset, RHIT, CCS, CCS-P
Ann Barta, MSA, RHIA
Product Code: AC211010
e-book also available!

Do you have the tools to succeed in root operations? Determining the root operation—or intent of a procedure—is essential to accurate coding, and illustrates the precision of the code values defined in the ICD-10-PCS system. Root Operations: Key to Procedure Coding in ICD-10-PCS offers coding professionals and students the tools to differentiate and contrast procedures coded in ICD-9-CM with those coded in ICD-10-PCS. You gain the knowledge necessary to excel in your position and improve standards organization-wide. Pick up this valuable book to see what a difference it makes in your coding journey.

List Price: $74.95 | Member Price: $59.95

ICD-10-CM Code Book, 2017
Anne B. Casto, RHIA, CCS, Consulting Editor
Product Code: AC221016

The latest in ICD-10-CM coding is here! The American Health Information Management Association (AHIMA) proudly introduces the ICD-10-CM Code Book, 2017, to help you learn about the International Classification of Diseases, Tenth Revision, Clinical Modification. This new edition captures all of the critical information you need to code efficiently and effectively in the new system. Get up to speed with various code sets. ICD-10-CM Code Book, 2017, is available now!

List Price: $115 | Member Price: $94.95

ICD-10-PCS Code Book, 2017
Anne B. Casto, RHIA, CCS, Consulting Editor
Product Code: AC222016

The latest in ICD-10-PCS coding is here! The American Health Information Management Association (AHIMA) proudly introduces the ICD-10-PCS Code Book, 2017, to help you learn and code the International Classification of Diseases, Tenth Revision, Procedure Coding System. This new edition captures all of the critical information you need to code efficiently and effectively in the new system. Get up to speed with various code sets. ICD-10-PCS Code Book, 2017, is available now!

List Price: $115 | Member Price: $94.95

IN-PERSON MEETINGS

**CRACK THE CODES: ADVANCED CODING WORKSHOPS**

**CEUs:** CPT - 7 | CPT/CM - 14 | CM - 7 | CM/PCS - 19 | PCS - 12

Quality health information starts with coding accuracy. If you want to improve your coding skills and knowledge, then this is the program for you. You will learn how to analyze documentation in order to select the appropriate CPT code or characters for an ICD-10-PCS or ICD-10-CM code. Each workshop is facilitated by two expert coding faculty members who walk participants through the decision process of identifying correct codes with actual patient health records. Available in one- to four-day sessions, Advanced Coding Workshops allow participants to create their own learning schedule, and get the training they need to improve coding performance.

**Philadelphia, PA Workshop Schedules:**
- June 7, 2017 - Day 1: CPT
- June 8, 2017 - Day 2: CM
- June 9-10, 2017 - Days 3 and 4: PCS

**Orlando, FL Workshop Schedules:**
- December 6, 2017 - Day 1: CPT
- December 7, 2017 - Day 2: CM
- December 8-9, 2017 - Days 3 and 4: PCS

**Registration opens November 21, 2016.**

**List Price:** Member Price:
- CPT - $499 CPT - $399
- CM - $495 CM - $395
- CPT/CM - $795 CPT/CM - $695
- PCS - $795 PCS - $695
- CM/PCS - $995 CM/PCS - $895

**ONLINE LEARNING**

**ICD-10-CM POST TRAINING E-ASSESSMENTS**

Product Code: C10ACM100 | CEUs: 4

Test your ICD-10 coding knowledge with AHIMA Post-Training E-Assessments. By establishing benchmarks and utilizing specific metrics, these specialized assessments provide a way to determine your current level of competency. You can see what you have accomplished as well as areas where you may need to spend more time. Let the AHIMA Post-Training E-Assessments be your guide to success!

**ICD-10-CM/PCS POST TRAINING E-ASSESSMENTS**

Product Code: C10ACP100 | CEUs: 4

**ICD-10-PCS POST TRAINING E-ASSESSMENT**

Product Code: C10APCS100 | CEUs: 4

**ICD-10-CM/PCS A&P FOCUS: CIRCULATORY SYSTEM COURSE**

Product Code: CTACIRC | CEUs: 2

This 4-lesson course covers ICD-10-CM and ICD-10-PCS coding of the circulatory system and includes a comprehensive review of the anatomy and physiology of the circulatory system. It reviews a coding professional's baseline anatomy and physiology knowledge of the circulatory system, identifies any knowledge deficits regarding the location of arteries and veins throughout the circulatory system, and reviews current medical terminology.

**List Price:** $96 | Member Price: $80

**ICD-10-CM/PCS A&P FOCUS: CIRCULATORY SYSTEM ASSESSMENT**

Product Code: CTACIRCASMT | CEU: 1

Customize your online learning experience! With the A&P Assessment, you have the opportunity to measure your level of knowledge before you take a course and identify areas for additional training. AHIMA recommends that this 20-question ICD-10-CM/PCS A&P Focus Assessment be taken prior to beginning the corresponding ICD-10-CM/PCS A&P Focus Course. As soon as you complete the assessment, you get automatic feedback on where you stand and what you need to focus on during the course.

**List Price:** $18 | Member Price: $15

**ICD-10-PCS A&P FOCUS: MUSCULOSKELETAL SYSTEM COURSE**

Product Code: CTAMUSC | CEUs: 2

This 4-lesson course covers ICD-10-PCS coding for inpatient hospital settings and includes a comprehensive review of the anatomy and physiology of the musculoskeletal system. It is designed to review a coding professional’s baseline anatomy and physiology knowledge of the musculoskeletal system in preparation for ICD-10-PCS. This course will assist in identifying any knowledge deficits surrounding the bone and muscles throughout the musculoskeletal systems in addition to current medical terminology regarding this body system.

**List Price:** $96 | Member Price: $80

2017 AHIMA CLINICAL CODING CONFERENCE

**October 7–8, 2017 | Los Angeles, CA**

**Registration opens May 2017.**

As one of the leading coding events in the industry, the AHIMA Clinical Coding Conference offers an array of speakers covering the constantly changing HIM/healthcare arena. The conference offers HIM professionals a chance to learn the latest driving healthcare topics of interest and concern while networking with leaders in the field. Don’t miss this important must-see coding experience.

AHIMA 2017 CONVENTION AND EXHIBITS

**October 9–11, 2017 | Los Angeles, CA**

**Registration opens May 2017.**

With HIM shaping and influencing the future of healthcare, the AHIMA Convention and Exhibits plays a key role by bringing together healthcare leaders, health information professionals, and other stakeholders from every segment of healthcare for industry updates, best practices, innovative ideas, and insights from lessons learned. The convention exhibit hall offers the top industry products and services. Set in exciting Los Angeles, CA, this meeting offers professionals the tools to strengthen your place as a leader in healthcare.
For discounted pricing on staff training, contact sales@ahima.org.

ICD-10-PCS A&P FOCUS: MUSCULOSKELETAL SYSTEM ASSESSMENT
Product Code: CTAMUSCASMT | CEU: 1
Customize your online learning experience! With the A&P Assessment, you have the opportunity to measure your level of knowledge before you take a course and identify areas for additional training. AHIMA recommends that this 20-question ICD-10-PCS A&P Focus Assessment be taken prior to beginning the corresponding ICD-10-PCS A&P Focus Course. As soon as you complete the assessment, you get automatic feedback on where you stand and what you need to focus on during the course.

List Price: $18 | Member Price: $15

ICD-10-CM A&P FOCUS: NEOPLASMS COURSE
Product Code: CTANEOD | CEUs: 2
ICD-10-CM A&P Focus: Neoplasms is a web-based course designed to enhance a coding professional’s knowledge in anatomy, physiology, and pathophysiology terminology for conditions related to neoplasms. This course reviews the ICD-10-CM Chapter 2 categories (C00-D49) and ICD-10-CM terminology as it relates to neoplasm coding. This online course also discusses the organizational changes of the neoplasm chapter and reviews the ICD-10-CM Neoplasm Table.

List Price: $96 | Member Price: $80

ICD-10-PCS A&P FOCUS: CENTRAL AND PERIPHERAL NERVOUS SYSTEMS COURSE
Product Code: CTANERV | CEUs: 2
This 3-lesson course covers the nervous system anatomy and physiology needed to code ICD-10-PCS procedures correctly in the inpatient setting. It is a short, focused program to prepare coding professionals by refreshing their basic knowledge of the anatomy and physiology of the nervous system and by interpreting common procedures. Case scenarios are included so learners may practice applying the correct values and root operations.

List Price: $96 | Member Price: $80

ICD-10-PCS A&P FOCUS: NERVOUS SYSTEM ASSESSMENT
Product Code: CTANERVASMT | CEU: 1
With the A&P Assessment, you have the opportunity to measure your level of knowledge before you take a course and identify areas for additional training. AHIMA recommends that this 20-question ICD-10-PCS A&P Focus Assessment be taken prior to beginning the corresponding ICD-10-PCS A&P Focus Course. As soon as you complete the assessment, you get automatic feedback on where you stand and what you need to focus on during the course.

List Price: $18 | Member Price: $15

ICD-10-CM A&P FOCUS: NEOPLASMS ASSESSMENT
Product Code: CTANEOSMT | CEU: 1
Customize your online learning experience! With the A&P Assessment, you have the opportunity to measure your level of knowledge before you take a course and identify areas for additional training. AHIMA recommends that this 20-question ICD-10-PCS A&P Focus Assessment be taken prior to beginning the corresponding ICD-10-PCS A&P Focus Course. As soon as you complete the assessment, you get automatic feedback on where you stand and what you need to focus on during the course.

List Price: $18 | Member Price: $15
ICD-10-CM A&P FOCUS: PREGNANCY, CHILDBIRTH AND THE PUERPERIUM COURSE

Product Code: CTAPREG | CEUs: 2
ICD-10-CM A&P Focus: Pregnancy, Childbirth and Puerperium is a web-based refresher course designed to enhance a coding professional’s knowledge in anatomy, physiology, and pathophysiology terminology for conditions related to pregnancy, childbirth, and the puerperium. This course covers terminology changes as they relate to Chapter 15 in ICD-10-CM. There is a focus on using the fifth and sixth characters to identify the trimester and on coding elective abortions.

List Price: $96 | Member Price: $80

ICD-10-CM A&P FOCUS: PREGNANCY, CHILDBIRTH AND THE PUERPERIUM ASSESSMENT

Product Code: CTAPREGASMT | CEU: 1
Customize your online learning experience! With the A&P Assessment, you have the opportunity to measure your level of knowledge before you take a course and identify areas for additional training. AHIMA recommends that this 20-question ICD-10-CM A&P Focus Assessment be taken prior to beginning the corresponding ICD-10-CM A&P Focus Course. As soon as you complete the assessment, you get automatic feedback on where you stand and what you need to focus on during the course.

List Price: $18 | Member Price: $15

ICD-10-CM/PCS A&P FOCUS: RESPIRATORY SYSTEM COURSE

Product Code: CTARESP | CEUs: 2
ICD-10-CM/PCS A&P Focus: Respiratory System is a web-based refresher course designed to enhance a coding professional’s knowledge in anatomy, physiology, and pathophysiology terminology for conditions and procedures related to the respiratory system. This course reviews the ICD-10-CM Chapter 10 categories (J00-J99) and ICD-10-CM terminology as well as discussing the organizational changes and combination codes for Chapter 10. The course also discusses the respiratory body part values available in ICD-10-PCS for three distinct body sections: Nose and Sinus, Respiratory System, and Mouth and Throat.

List Price: $96 | Member Price: $80

ICD-10-CM/PCS A&P FOCUS: RESPIRATORY SYSTEM ASSESSMENT

Product Code: CTARESPASMT | CEU: 1
Customize your online learning experience! With the A&P Assessment, you have the opportunity to measure your level of knowledge before you take a course and identify areas for additional training. AHIMA recommends that this 20-question ICD-10-CM/PCS A&P Focus Assessment be taken prior to beginning the corresponding ICD-10-CM/PCS A&P Focus Course. As soon as you complete the assessment, you get automatic feedback on where you stand and what you need to focus on during the course.

CODING PROFICIENCY ASSESSMENT: ICD-10-CM

Product Code: CTKICD10ASMT | CEUs: 4
What’s your coding IQ? This 60-question coding assessment can tell you. Positioned as an evaluation tool, Coding Proficiency Assessment: ICD-10-CM covers the clinical information that coding professionals will be required to know in order to correctly apply ICD-10-CM codes. The questions are separated into two levels – intermediate and advanced – to assess individuals with varying responsibilities. Use this assessment to gauge your own, your staff’s, or a candidate’s clinical knowledge.

List Price: $72 | Member Price: $60

CODING PROFICIENCY ASSESSMENT: ICD-10-PCS

Product Code: CTKICD10PCSASMT | CEUs: 4
What’s your coding IQ? This 60-question coding assessment can tell you. Positioned as an evaluation tool, Coding Proficiency Assessment: ICD-10-PCS covers the information that clinical documentation specialists will be required to know. The questions are separated into two levels—intermediate and advanced—to assess individuals with varying responsibilities. Use this assessment to gauge your own, your staff’s, or a candidate’s clinical knowledge.

CODING PROFICIENCY ASSESSMENT: ICD-10-CM/PCS FOR CLINICAL DOCUMENTATION IMPROVEMENT

Product Code: CTKICD10CDIASMT | CEUs: 4
What’s your coding IQ? This 60-question coding assessment can tell you. Positioned as an evaluation tool, Coding Proficiency Assessment: ICD-10-CM/PCS for Clinical Documentation Improvement covers the information relative to both ICD-10-CM and ICD-10-PCS that clinical documentation specialists will be required to know. The questions are separated into two levels—intermediate and advanced—to assess individuals with varying responsibilities. Use this assessment to gauge your own, your staff’s, or a candidate’s clinical knowledge.

List Price: $72 | Member Price: $60
ANATOMY, PHYSIOLOGY AND HUMAN DISEASE
Product Code: WAP01 | CEUs: 60
Now this is body language! Understanding the anatomy and physiology of the human body is the foundation of coding proficiency. This course provides that knowledge in a general overview format, discussing each body system in terms of major anatomical structures and function. In addition, the course discusses selected major pathologies, including disease definitions and causes, signs and symptoms, diagnostic procedures, and possible treatments. Finally, common issues and changes that occur in each body system throughout the life span are examined. Anatomy, Physiology and Human Disease presents critical information for anyone working in the coding and billing profession.
Price: $225

HEALTHCARE DELIVERY SYSTEMS
Product Code: WCB501 | CEUs: 45
Do you really know how the healthcare system works? When you can understand the ins and outs of the entire system, you can make more informed decisions across the enterprise. Healthcare Delivery Systems is an introduction to the financing and delivery of healthcare services. In this course, students receive an overview of the organization and activities of hospitals, nursing homes, mental health and ambulatory care centers, home health agencies, and hospices. Students also learn about the educational preparation and responsibilities of healthcare professionals and government regulations. Everything you want and need to know about the delivery of healthcare all in one session!
Price: $225

MEDICAL TERMINOLOGY
Product Code: WCB502 | CEUs: 45
Need help solving the medical language puzzle? This course covers medical terminology, symbols and abbreviations, and the application of this new language in the field of health care. While terms are covered as they relate to body structure and function, the main focus is on medical vocabulary and being able to construct terms using word parts such as roots, suffixes, and prefixes. As part of the Coding Basics program, this course is self-paced to work with your schedule. Start putting the pieces together—register for the Medical Terminology online course.
Price: $225

LIVE WEBINARS

ICD-10-PCS APPROACH—A CLOSER LOOK
January 17, 2017
Margaret Foley, PhD, RHIA, CCS, Department of Human Services Administration and Policy, Temple University
Product Code: AUDL011717 | CEUs: 2
ICD-10-PCS approach-related coding guidelines can be difficult to navigate and assign. Organizations need to ensure accurate coding to remain compliant. This webinar reviews the definitions for the fifth character approach values for the medical and surgical section of ICD-10-PCS. Using specific clinical examples, the presenter provides the audience with a deeper review of the selection of the approach character. Join us for ICD-10-PCS Approach—A Closer Look where you can learn how to select approach characters more accurately for greater compliance.

HIM OPPORTUNITY! COMMERCIAL CONTRACT REVIEW AND PAYMENT ASSESSMENT
January 24, 2017
Lauree Handlon, MS, RHIA, CCS, CPC-H, FAHIMA, Cleverly + Associates
Product Code: AUDL012417 | CEUs: 2
Hospitals continue to battle with determining how to maximize revenue, but HIM can help! When governed appropriately, commercial contract terms can have a majorly positive influence on a hospital’s revenue. HIM professionals are ideally positioned to take on these responsibilities by reviewing, negotiating, and implementing provider/payer contracts. This webinar details three strategies that can help hospitals achieve revenue goals and provide a career path opportunity for HIM professionals. Maximize career potential, maximize hospital revenue—this session shows you how to do it.

KEY ICD-10-CM EDUCATION OPPORTUNITIES FROM AN AUDIT PERSPECTIVE
January 26, 2017
Donna Smith, RHIA, Consulting Services, 3M Health Information Systems and Susan Belley, RHIA, CPHQ, Consulting Services, 3M Health Information Systems
Product Code: AUDL012617 | CEUs: 2
With the implementation of ICD-10, it is critical to perform internal and external coding audits to validate the accuracy of ICD-10-CM and ICD-10-PCS coding performed in your facility. In this session, the speakers will discuss the primary opportunities for improvement based on their experience performing hundreds of post-ICD-10 implementation coding reviews. They offer an approach for structured auditing of ICD-10 coding along with a review and comparison of DRG statistics. Using case study examples, the presenters will detail the most common coding errors and DRG inconsistencies in ICD-10-CM and ICD-10-PCS. Attendees leave with a step-by-step plan for promoting coding accuracy in their facilities.
List Price: $119 | Member Price: $99
**ICD-10 TRAINING WHEELS REMOVED IN 2017**

March 14, 2017

Bill Ayres, MBA, Maya Jinwright, CPC, and Alice Khosrov, PhD, Divurgent

Product Code: AUDL031417 | CEUs: 2

Just as you thought the transition to ICD-10 had been completed, the 2017 guidelines were released with 1,943 new, 422 revised, and 305 deleted ICD-10-CM codes. Now is the time to fine-tune your strategy for ICD-10 coding specificity and your medical necessity policy gaps. This webinar offers audience members a real world look at ICD-10 coding regulations, how they've changed, what the sunset of CMS’s Safe Harbor looks like, and how to improve coding efforts before penalties set in. The webinar explores the reimbursement implications of MS-DRG shifts that are occurring in 2017. The session also includes discussion on the service lines that are most likely to be impacted by CCs/MCCs by volume and dollar amount. By attending this webinar, attendees will learn how they can improve the front-end and mid-cycle processes to improve their current reimbursement and build a solid foundation for the changes in 2017.

List Price: $119 | Member Price: $99

**SPINAL FUSIONS AND ICD-10-PCS**

March 28, 2017

Marty Beckman, MA, RHIT, CCS, UCLA Health System

Product Code: AUDL032817 | CEUs: 2

Do you really understand ICD-10-PCS coding for spinal fusions? There are ongoing controversies related to spinal fusions, but this session clears up the confusion to make way for better coding accuracy. During this webinar, the audience comes to understand the different surgical techniques for fusing the spine and how they enhance proper assignment of qualifier values. There will be a discussion of three controversial areas of spinal fusion coding and, finally, a review of spinal column elements and how they can facilitate accurate spinal fusion coding in PCS. Secure your spot at this webinar to get the facts and improve your coding accuracy.

**FY 2018 ICD-10-CM CODE UPDATES**

September 14, 2017

Donna Rugg, RHIT, CDIP, CCS, AHIMA and Crystal Clack, MS, RHIA, CCS, AHIMA

Product Code: AUDL091417 | CEUs: 2

Whether you’re an HIM director, coding manager, or coding professional, ICD-10-CM annual updates benefit you! There will be much to cover. Our comprehensive review of new and revised 2018 ICD-10-CM codes and guidelines provides current and correct information. Cases and scenarios will be used to illustrate these changes. Join us for this highly beneficial webinar that will have you at the top of your coding game.

List Price: $119 | Member Price: $99

**FY 2018 ICD-10-PCS CODE UPDATES**

September 5, 2017

Maria Ward, MEd, RHIT, CCS-P, AHIMA

Product Code: AUDL090517 | CEUs: 2

Whether you’re an HIM director, coding manager, or coding professional, ICD-10-PCS: annual updates benefit you! There will be much to cover. Our comprehensive review of new and revised 2018 ICD-10-PCS codes and guidelines provides current and correct information. Cases and scenarios will be used to illustrate these changes. Join us for this highly beneficial webinar that will have you at the top of your coding game.

**FY 2018 IPPS UPDATE**

September 26, 2017

Patty Buttner, RHIA, CDIP, CHDA, CCS, AHIMA

Product Code: AUDL092617 | CEUs: 2

How will the CMS FY 2018 IPPS changes impact the acute care inpatient setting? This webinar answers that question and more. In this session, the speaker summarizes revisions to the CC exclusion list, MCC and CC lists, and changes to present on admission (POA) and hospital-acquired conditions (HACs). This webinar provides the information to help produce more confident coders. Ensure your organization complies with the FY 2018 CMS IPPS Final Rule. Register for this important presentation.

List Price: $119 | Member Price: $99

**FY 2018 REHAB, POST-ACUTE CARE CODE REIMBURSEMENT UPDATE**

September 28, 2017

Maria Ward, MEd, RHIT, CCS-P, AHIMA

Product Code: AUDL092817 | CEUs: 2

Are you ready for the updates to ICD-10-CM codes for rehab, post-acute care settings, and reimbursement? Here is your opportunity to get the most up-to-date information, so you can maximize reimbursement for your facility. This presentation will evaluate the FY 2018 rehab code changes and reimbursement updates. Attendees will focus on ICD-10-CM codes that affect the rehab, post-acute care setting and, potentially, reimbursement. Prepare for a smooth transition to 2018 and ensure your organization is current and compliant with all the code updates.

List Price: $119 | Member Price: $99

**ON-DEMAND WEBINARS**

**BEYOND THE ROOT OPERATIONS: TAKING A DEEPER DIVE INTO ICD-10-PCS CODING**

Melanie Endicott, MBA/HCM, RHIA, CDIP, CCS, CCS-P, FAHIMA

Product Code: AUDA011515 | CEUs: 2

The transition to ICD-10-PCS requires coders to enhance their clinical and coding skills. Learning ICD-10-PCS goes beyond memorizing the definitions of the 31 root operations. The inpatient coder must know how to apply and use the ICD-10-PCS classification system, without querying the physician on every case. Inpatient cases will be presented in this webinar to challenge the participant to take a closer look at the documentation and use critical thinking skills to select the appropriate code.

List Price: $145 | Member Price: $125
DEEP DIVE: CONCEPTS, ROOT OPERATIONS
Kathleen Wall, MS, RHIA and Cindy Smith, RHIT
Product Code: AUDA021015 | CEUs: 2
Gaining a deeper understanding of sections 1-5 in ICD-10-PCS will help facilitate appropriate application of the procedures in the new code set. This webinar will include the documentation requirements for applying the codes for classification of these procedures as well as methodologies for mitigating the increased documentation requirements.
List Price: $60 | Member Price: $50

GETTING STARTED WITH ICD-10-CM: WHAT CODERS NEED TO KNOW NOW
Donna J. Rugg, RHIT, CDIP, CCS
Product Code: AUDA051815 | CEUs: 2
Get the right start in ICD-10-CM! This presentation familiarizes coders with the organization and structure of ICD-10-CM and the similarities and differences between ICD-9-CM and ICD-10-CM. The discussion covers coding conventions and introduces the system’s guidelines.
List Price: $145 | Member Price: $125

GETTING STARTED WITH ICD-10-PCS: WHAT CODERS NEED TO KNOW NOW
Crystal Clack, MS, RHIA, CCS
Product Code: AUDA052915 | CEUs: 2
Get the right start in ICD-10-PCS! This presentation introduces coders to the new ICD-10 procedure coding system (ICD-10-PCS) for hospital inpatient services. The content shows coders the seven-character codes, the structure of the code sections, and the use of the index and tables in code selection. An overview of the general steps in coding using this new system, and an introduction to the general coding guidelines to prepare coders for more in-depth training in the future, is also provided.
List Price: $145 | Member Price: $125

CARDIOVASCULAR—VENTRICULAR AND ATRIAL SEPTAL DEFECT REPAIRS
Diana Karff, RHIA, CCS, AHIMA-approved ICD-10 Trainer and Ambassador
Product Code: AUDA073115 | CEU: 1
Do you need or want more education on ICD-10-PCS for ventricular and atrial septal defect repairs? Listen to this one-hour presentation that provides case scenarios related to the procedural coding of the cardiovascular system for ventricular and atrial septal defect repairs. This interactive, hands-on ICD-10-PCS webinar will allow you to code along with the presenter as you are led through some of the more complex cardiovascular procedures. This webinar will help you identify the ICD-10-PCS root operation(s) and full coding variations dependent on device type and operative approach as well as to recognize documentation inherent to each procedure by understanding specific procedural terminology and structural anatomy.
List Price: $60 | Member Price: $50

CARDIOVASCULAR—AORTIC AND MITRAL VALVULOPLASTY AND ANNULOPLASTY
Diana Karff, RHIA, CCS, AHIMA-approved ICD-10 Trainer and Ambassador
Product Code: AUDA080715 | CEU: 1
Do you need or want more education on ICD-10-PCS for aortic and mitral valvuloplasty and annuloplasty? Listen to this one-hour presentation that provides case scenarios related to the procedural coding of the cardiovascular system for aortic and mitral valvuloplasty and annuloplasty. This interactive, hands-on ICD-10-PCS webinar will allow you to code along with the presenter as you are led through some of the more complex cardiovascular procedures. This webinar will help you identify the ICD-10-PCS root operation(s) and full coding variations dependent on device type and operative approach as well as to recognize documentation inherent to each procedure by understanding specific procedural terminology and structural anatomy.
List Price: $60 | Member Price: $50

CARDIOVASCULAR—AORTIC AND MITRAL VALVE REPLACEMENT
Diana Karff, RHIA, CCS, AHIMA-approved ICD-10 Trainer and Ambassador
Product Code: AUDA072415 | CEU: 1
Do you need or want more detail-specific education on ICD-10-PCS for aortic and mitral valve replacement? Listen to this one-hour presentation that provides case scenarios related to the procedural coding of the cardiovascular system for aortic and mitral valve replacements. This interactive, hands-on ICD-10-PCS webinar will allow you to code along with the presenter as you are led through some of the more complex cardiovascular procedures. This webinar will help you identify the ICD-10-PCS root operation(s) and full coding variations dependent on device type and operative approach as well as to recognize documentation inherent to each procedure by understanding specific procedural terminology and structural anatomy.
List Price: $60 | Member Price: $50

CARDIAC CATHETERIZATION AND PERCUTANEOUS TRANSLUMINAL CORONARY ANGIOPLASTY
Diana Karff, RHIA, CCS, AHIMA-approved ICD-10 Trainer and Ambassador
Product Code: AUDA081415 | CEU: 1
Do you think you need more education on ICD-10-PCS for cardiac catheterization and percutaneous transluminal coronary angioplasty (PTCA)? Listen to this one-hour presentation that provides case scenarios related to the procedural coding of the cardiovascular system for cardiac catheterization and percutaneous transluminal coronary angioplasty (PTCA). This interactive, hands-on ICD-10-PCS webinar will allow you to code along with the presenter as you are led through some of the more complex cardiovascular procedures. This webinar will help you identify the ICD-10-PCS root operation(s) and full coding variations dependent on device type and operative approach as well as to recognize documentation inherent to each procedure by understanding specific procedural terminology and structural anatomy.
List Price: $60 | Member Price: $50

For discounted pricing on staff training, contact sales@ahima.org.
ICD-10-PCS CODING FOR COMMON PROCEDURES OF 
THE FEMALE REPRODUCTIVE SYSTEM AND OBSTETRICS

Christine Dundas, RHIA, CCS, AHIMA-approved ICD-10 Trainer and Ambassador

Product Code: AUDA082115 | CEU: 1

Do you need or want more detailed-specific education on ICD-10-PCS for common procedures of the female reproductive system and obstetrics? Listen to this one-hour presentation that provides case scenarios related to the procedural coding of common female reproductive, pregnancy, and childbirth procedures. This interactive, hands-on ICD-10-PCS webinar will allow you to code along with the presenter as you are led through some complex procedures. The webinar will focus on the more frequently performed inpatient procedures such as hysterectomy (abdominal and vaginal), oophorectomy, C-section, artificial rupture of membranes to assist delivery and fetal monitoring. Correct code selection will be based on associated guidelines.

List Price: $60 | Member Price: $50

ICD-10-PCS CODING FOR COMMON PROCEDURES OF 
THE MUSCULOSKELETAL SYSTEM

Christine Dundas, RHIA, CCS, AHIMA-approved ICD-10 Trainer and Ambassador

Product Code: AUDA082815 | CEU: 1

Do you need or want more detailed-specific education on ICD-10-PCS for common procedures of the musculoskeletal system? Listen to this one-hour presentation that provides case scenarios related to the procedural coding of the musculoskeletal system. This interactive, hands-on webinar will allow you to code along with the presenter as you are led through some complex procedures. This webinar will provide a combination of lecture and hands-on practice to help coders prepare for coding procedures in ICD-10-PCS, while focusing on the more frequently performed inpatient procedures such as laminectomy, excision intervertebral disk, spinal fusion, hip replacement, and knee arthroplasty. Correct code selection will be based on associated guidelines.

List Price: $60 | Member Price: $50

ICD-10-PCS CODING FOR COMMON GI PROCEDURES

Christine Dundas, RHIA, CCS, AHIMA-approved ICD-10 Trainer and Ambassador

Product Code: AUDA090415 | CEU: 1

Do you need or want more detailed-specific education on ICD-10-PCS for common gastroenterology procedures? Listen to this one-hour presentation that provides case scenarios related to the procedural coding of the gastrointestinal system. This interactive, hands-on webinar will allow you to code along with the presenter as you are led through some complex procedures. This webinar will provide a combination of lecture and hands-on practice to help coders prepare for coding procedures in ICD-10-PCS, while focusing on the more frequently performed inpatient procedures of the GI system, such as colonoscopy and biopsy, appendectomy, colorectal resection, lysis of peritoneal adhesions, partial and total gastrectomy and cholecystectomy. Correct code selection will be based on associated guidelines.

List Price: $60 | Member Price: $50

ICD-10-PCS ROOT OPERATIONS: DILATION, OCCLUSION, RESTRICTION AND BYPASS

Sandra Routhier, RHIA, CCS, AHIMA-approved ICD-10 Trainer and Ambassador

Product Code: AUDA091815 | CEU: 1

Do you need or want more detailed-specific education on ICD-10-PCS root operations for dilation, occlusion, restriction and bypass in the cardiovascular system? Listen to this one-hour, interactive, hands-on webinar presentation that provides case scenarios and allows you to code along with the presenter as you are led through some complex procedures. This webinar will provide a combination of lecture and hands-on practice to help coders prepare for coding procedures in ICD-10-PCS, while focusing on the necessary elements for the successful assignment of procedure codes for surgeries with the root operations of detachment, reattachment and transplantation. Real life case studies (such as toe and partial foot amputation) will be utilized to walk through the assignment of the ICD-10-PCS procedure codes.

List Price: $60 | Member Price: $50

ICD-10-PCS ROOT OPERATIONS: DETACHMENT, REATTACHMENT, AND TRANSPLANTATION

Sandra Routhier, RHIA, CCS, AHIMA-approved ICD-10 Trainer and Ambassador

Product Code: AUDA091115 | CEU: 1

Do you need or want more detailed-specific education on ICD-10-PCS for surgical detachment, reattachment and transplantation? Listen to this one-hour presentation that provides case scenarios related to the procedural coding. This interactive, hands-on webinar will allow you to code along with the presenter as you are led through some complex procedures. This webinar will provide a combination of lecture and hands-on practice to help coders prepare for coding procedures in ICD-10-PCS, while focusing on the necessary elements for the successful assignment of procedure codes for surgeries with the root operations of detachment, reattachment and transplantation. Real life case studies (such as toe and partial foot amputation) will be utilized to walk through the assignment of the ICD-10-PCS procedure codes.

List Price: $60 | Member Price: $50
**Significant Procedures Outside of the Medical & Surgical Section of the Gastroenterology System**

Sandra Routhier, RHIA, CCS, AHIMA-Approved ICD-10 Trainer and Ambassador

Product Code: AUDA092515 | CEU: 1

Do you need or want more detail-specific education on ICD-10-PCS for the successful assignment of procedure codes for significant procedures outside of the medical and surgical section? Listen to this one-hour, interactive, hands-on webinar presentation that provides case scenarios and allows you to code along with the presenter as you are led through some complex procedures. This webinar will provide a combination of lecture and hands-on practice to help coders prepare for coding procedures in ICD-10-PCS, while focusing on the necessary elements for the successful assignment of procedure codes for significant procedures outside of the medical and surgical section, including some that may impact DRG assignment. Real life case studies such as mechanical ventilation, intra-aortic balloon pump, hemodialysis, cardioversions and infusions will be utilized to walk through the assignment of the ICD-10-PCS procedure codes in the Medical & Surgical-related section.

List Price: $60 | Member Price: $50

**ICD-10-PCS: The 7 Approaches in the Medical and Surgical Section**

Sandra Routhier, RHIA, CCS, AHIMA-approved ICD-10 Trainer and Ambassador

Product Code: AUDA100215 | CEU: 1

Do you need or want more detail-specific education on assigning ICD-10-PCS codes for the seven approaches in the medical and surgical section? Listen to this one-hour, interactive, hands-on webinar presentation that provides case scenarios and allows you to code along with the presenter as you are led through some complex procedures. This webinar will provide a combination of lecture and hands-on practice to help coders prepare for coding procedures in ICD-10-PCS, while focusing on the necessary elements for the successful assignment of the 5th character values for the seven approaches in the medical and surgical section. Real life case studies (such as those done via burr holes, endovascular, laparoscopic-assisted) will be utilized to walk through the assignment of the ICD-10-PCS procedure codes.

List Price: $60 | Member Price: $50

**Keeping up with the 2015 Coding Clinics**

Kelli Horn, RHIT, CCS, CCA, AHIMA-approved ICD-10 Trainer

Product Code: AUDA120315 | CEUs: 2

Now more than ever, coders are struggling to read their Coding Clinics each quarter. Many coders do not have adequate time on the job to study these each quarter due to pressing A/R deadlines. However, studying Coding Clinics increases coding confidence and knowledge while decreasing errors. This webinar will review the 2015 Coding Clinics and their potential impact to your organization.

List Price: $145 | Member Price: $125

**2015 Virtual Data Summit—From ICD-10 and Beyond Webinar Series**

Product Code: AUDAVDSBDL | CEUs: 19

The Virtual Data Summit—ICD-10 and Beyond—puts you in direct contact with healthcare industry experts and leaders... without leaving your seat! Experience a range of presentations on best practices, innovation, and proper use of healthcare data. Increase your knowledge on healthcare terminologies and classifications (including ICD-10), secondary data use, data analysis, and more.

List Price: $450 | Member Price: $450

**MS-DRG Grouping with ICD-10-CM/PCS**

Margaret Foley, PhD, RHIA, CCS

Product Code: AUDA012116 | CEUs: 2

Are you up to speed on grouping MS-DRGs with the latest code sets? Webinar attendees will learn how an MS-DRG is assigned and how the grouper logic has been revised to accommodate the use of ICD-10-CM/PCS codes.

List Price: $119 | Member Price: $99

**Documentation Tips for ICD-10 Success**

Gloryanne Bryant, RHIA, RHIT, CDIP, CCS, CCDS

Product Code: AUDA020216 | CEUs: 2

Now you can improve your work in ICD-10! This webinar will discuss the more than 70 ICD-10 documentation tips created and released to the healthcare community after AHIMA formed a multi-disciplinary workshop to review each chapter of ICD-10-CM and ICD-10-PCS.

List Price: $119 | Member Price: $99

**Risk Adjustment Coding and the Transition from Volume to Value**

Adele L. Towers, MD, MPH and Kimberly Geidel, MPM

Product Code: AUDA030816 | CEUs: 2

Increase accuracy and you increase value! This webinar will focus on risk adjustment (RA) and help you understand the concepts of RA methodology, identify gaps in clinician documentation, and demonstrate how natural language processing (NLP) can improve RA score by capturing missed diagnoses.

List Price: $119 | Member Price: $99

**Assessing Your ICD-10Coder Performance: Three Steps to Greater Clarity in Coding Compliance**

Paul Strafer, RHIA, CCS

Product Code: AUDA052416 | CEUs: 2

Reset benchmarks and establish new strategies for effective coder assessment, code auditing, and coding compliance programs in an ICD-10 world. By exploring common coding audit hurdles and assessing new methodologies, this webinar helps attendees streamline and strengthen their code auditing, coder assessment, and coding compliance programs under ICD-10.

List Price: $119 | Member Price: $99
FOLLOW NEW CODING MANAGEMENT STRATEGIES FOR THE ROAD AHEAD
Joseph Gurrieri, RHIA, CHP
Product Code: AUDA062316 | CEUs: 2
When you have a strategy for the future, you can turn challenges into opportunities. Attendees of this webinar will re-examine four key health information and coding management issues in the post-ICD-10 world, such as coding professional shortages, recruitment plans, retention programs, and department budgets. With ICD-10 underway, this webinar helps attendees take charge of their team’s workload and organization’s performance outcomes.
List Price: $119 | Member Price: $99

QUALITY MEASUREMENT: HEALTH INFORMATION MANAGEMENT’S CONNECTION TO VALUE-BASED PURCHASING AND COMPLIANCE
Jeanne Babers, RHIA, CCS
Product Code: AUDA071416 | CEUs: 2
American policy-makers are focused on the triple aim of reducing healthcare costs, improving patient experience of care and improving the patient health outcomes of populations. In the future, hospitals will no longer be paid based on the volume of services provided. This is the concept behind value-based purchasing (VBP). Hospitals now must focus on both (a) coding for appropriate reimbursement; and (b) coding for accurate quality measurement. This requires providers to offer and document evidence-based, patient-centered treatment. This webinar explores HIM’s connection to VBP and compliance.
List Price: $119 | Member Price: $99

ENCEPHALOPATHY: WHEN ALTERED MENTAL STATUS DOESN’T MAKE SENSE!
James P. Fee, MD, CCS, CCDS
Product Code: AUDA072616 | CEUs: 2
Get your head around altered mental states! This webinar will discuss the clinical differences between altered mental status, confusion, delirium, and encephalopathy. The audience will understand the pathophysiology and etiology of each clinical process and be able to identify common clinical indicators related to each process. Examples of cases illustrating the clinical application of the different types of encephalopathy will be presented in addition to presenting structured physician queries to assist the attendees to communicate more effectively with the physicians regarding documentation of these complex clinical issues. Additionally, the presenter will discuss the correct coding of encephalopathy in ICD-10-CM.
List Price: $119 | Member Price: $99

COMPREHENSIVE CARE FOR JOINT REPLACEMENT PAYMENT MODELS
Patty Buttner, RHIA, CDIP, CCS
Product Code: AUDA081116 | CEUs: 2
The new Comprehensive Care for Joint Replacement Payment model has been created to address some of the most common procedures performed on Medicare beneficiaries. CMS is looking for this model to help increase the coordination of care among care givers and settings while helping to decrease the complication rate by the delivery of quality care. This webinar will educate the attendee on the intricacies of the CCJR model.
List Price: $119 | $99

REMEMBER THE OLD ADAGE “CASH IS KING”—NOW “CLINICAL DATA SPECIFICITY” AND “ACCURATE CODING” ARE KING
Peggy L. Meli, PhD, RHIA
Product Code: AUDA090816 | CEUs: 2
Cash it out, clinical data specificity and accurate coding are in! This interactive presentation will illustrate why collecting accurate and consistent data can reduce revenue risk, improve clinical documentation and accelerate payment. Clarifying lessons learned from healthcare facilities, the presenter will define the data acquisition standardization process, query standardization beyond query form implementation, and discuss the role of internal audit as a tool of Performance and Quality Improvement. ICD-10 implementation will necessitate expansion of data standardization for reducing revenue risk, accelerating revenue, and improving clinical documentation.
List Price: $119 | Member Price: $99

2017 IPPS UPDATE
Maria Ward, Med, RHIT, CCS-P
Product Code: AUDA091516 | CEUs: 2
How will the CMS FY17 IPPS changes impact the acute care inpatient setting? We’ll summarize revisions to the CC exclusion list, MCC and CC lists, and changes to present on admission (POA) and hospital-acquired conditions (HACs). Ensure your organization complies with the FY17 CMS IPPS Final Rule.
List Price: $119 | Member Price: $99

THE IMPORTANCE OF PCS ROOT OPERATIONS
Regina Kraus, RHIT, MSA, CPHQ
Product Code: AUDA092716 | CEUs: 2
Get on board with PCS Root Operations! This session will provide an overview of PCS Root Operations and their differences. The session will include example coding scenarios with various root operations and how they can be confused as well as example coding scenarios with various root operations applied and impact on payment to organizations.
List Price: $119 | Member Price: $99

AUDITING IN AN ICD-10 WORLD
Donna J. Rugg, RHIT, CDIP, CCS
Product Code: AUDA092916 | CEUs: 2
The accuracy and consistency of your ICD-10-CM/PCS data is critical as the use of the resulting ‘big data’ produced from this new classification system increases. Assuring compliance through an updated audit plan is essential to accomplish this. The webinar will discuss areas to focus on in your audit plan, importance of using the audit findings to close the loop with the coding staff and provide education related to documentation for HIM, CDI and clinical staff (providers, nurses etc.). Clinical documentation is the foundation of the ICD-10-CM/PCS codes assigned that impact the reimbursement and quality metrics so critical to an organization’s success. A multi-hospital healthcare organization will share their experience and the adjustments they made to their coding audit program after October 1, 2015.
List Price: $119 | Member Price: $99
KEEINU PUP THE 2016 CODING CLINICS
Kelli Horn RHIT, CCS, CCA, and Sandy Smith, RHIA
Product Code: AUDA110316 | CEUs: 2
With a year’s worth of ICD-10 under our belt, keeping current on the changes reported in Coding Clinic is more important than ever. Many coders do not have adequate time on the job to study these each quarter due to pressing A/R deadlines. Not studying them can be detrimental to the bottom line. This webinar will review the 2016 Coding Clinics and their potential impact to your organization.
List Price: $119 | Member Price: $99

GASTROINTESTINAL CODING: FROM TOP TO BOTTOM
Crystal Clack, MS, RHIA, CCS
Product Code: AUDA110816 | CEUs: 2
GI Coding can be tricky for even the most experienced coders. Join us as we review coding CM and CPT coding guidelines, as well as a variety of common GI procedures. Gain a better understanding of the anatomy and pathophysiology of the GI tract. Learn surgical techniques and language that will help create the confidence needed to quickly and efficiently code GI procedures.
List Price: $119 | Member Price: $99

OUTSOURCED CODING AND CAC
Seth Jeremy Katz, MPH, RHIA
Product Code: AUDA111016 | CEUs: 2
Are you considering outsourcing your coding? Learn how Truman Medical Center made the strategic decision to use computer-assisted coding (CAC) and an outsourcing service to substantially lower costs and improve data quality.
List Price: $119 | Member Price: $99

FY 2017 ICD-10-CM CODE UPDATES BUNDLE
Product Code: AUDA070116 | CEUs: 4
Whether you’re an HIM director, coding manager, or coding professional, ICD-10-CM Annual Code Updates benefit you! With the first code update since implementation, there will be 1,943 codes to cover! Our comprehensive review of the new and revised 2017 ICD-10-CM codes provides a unique bundle that includes four hours of content, a 40-question post-assessment, an ICD-10-CM overview article, and a PDF of the entire list of code changes.
List Price: $140 | Member Price: $120

FY 2017 ICD-10-PCS CODE UPDATE BUNDLE
Product Code: AUDA070216 | CEUs: 6
Whether you’re an HIM director, coding manager, or coding professional, ICD-10-PCS Annual Code Updates benefit you! With the first code update since implementation, there will be a total of 75,789 procedures codes available in FY17. More than 3,827 new codes, 491 revised titles, and 12 deleted codes will require a lot of education and training for coding professionals. Our comprehensive review of new and revised 2017 ICD-10-PCS codes and a unique bundle that includes six hours of content, an ICD-10-PCS overview article, a PDF of all the procedure code changes, and a 60-question post-learning assessment.
List Price: $210 | Member Price: $180

FY 2017 ICD-10-CM/PCS CODE UPDATE BUNDLE
Product Code: AUDA070316 | CEUs: 10
Whether you’re an HIM director, coding manager, or coding professional, ICD-10-CM/PCS: Annual Code Updates benefits you! With the first code update since implementation, there will be a combined total of 6,273 code changes providing education and training could be a challenge. AHIMA developed this bundle for individuals or organizations who need to train coding professionals in both code set to give them the opportunity to purchase the ICD-10-CM/PCS on demand webinars in one package. Our comprehensive review of new and revised FY 2017 code updates will provide you with 10 total hours of content, two code update articles, a 40-question ICD-10-CM post-assessment, a 60-question ICD-10-PCS post-assessment, and a PDF complete listing of all code updates. As an on demand product, it can be divided into a series of learning activities for coders.
List Price: $350 | Member Price: $300

FY 2017 CODE UPDATE FOR AUDITORS
Product Code: AUDA070916 | CEUs: 2
Are your auditors prepared for 6,273 combined ICD-10-CM/PCS code updates? This 60-minute specialty code update webinar focuses on the impact the FY 2017 ICD-10-CM/PCS code update will have on auditing professionals. If your organization provides third party audits, or conducts internal audits related to proper code assignment, this specialty webinar is a must-have. The volume of code changes in FY 2017 will require auditors to stay abreast of the changes that affect your organization the most. Train your auditors over lunch!
List Price: $35 | Member Price: $30

FY 2017 CODE UPDATE AFFECTING HIERARCHICAL CONDITION CATEGORIES (HCC)
Product Code: AUDA071016 | CEUs: 2
Do you know how 1,943 ICD-10-CM code updates will affect HCCs? This 60-minute specialty code update webinar focuses on the impact the FY 2017 ICD-10-CM code update will have on HCCs affecting physicians. Changes to the traditional fee for service physician payment model have dramatically changed how physicians are reimbursed. If your reimbursement relies on a Medicare Advantage HCC model, this is the code update specialty webinar for you.
List Price: $35 | Member Price: $30

FY 2017 CODE UPDATES AFFECTING REHAB
Product Code: AUDA071516 | CEUs: 2
Don’t let 1,943 ICD-10-CM code updates worry you! AHIMA did the work for you. This 60-minute specialty code update webinar focuses on the impact the FY 2017 ICD-10-CM code updates will have on the Rehab setting. Attendees will focus on ICD-10-CM codes that affect accurate Rehab code assignment and reimbursement. Prepare for a smooth transition to FY 2017 and ensure your organization is current and compliant with all the code updates.
List Price: $35 | Member Price: $30

For discounted pricing on staff training, contact sales@ahima.org.
FY 2017 CODE UPDATES AFFECTING LONG-TERM CARE (LTC)
Product Code: AUDA071616 | CEUs: 2
Coding in LTC is unique, codes are assigned on admission and concurrently as other diagnoses arise during the patient’s stay. With more than 1,943 ICD-10-CM code updates for FY 2017 the impact to LTC facilities could be greater than prior years. This 60-minute specialty code update webinar focuses on the impact that the FY 2017 ICD-10-CM code updates will have on the LTC setting. Attendees will focus on ICD-10-CM codes that will affect the accurate LTC code assignment and reimbursement. Prepare for a smooth FY 2017 and ensure your organization is current and compliant with all the code updates.
List Price: $35 | Member Price: $30

FY 2017 CODE UPDATES AFFECTING CDI PROFESSIONALS
Product Code: AUDA071716 | CEUs: 2
Accurate clinical documentation is the foundation for every healthcare story. Clinical documentation improvement programs assist organizations and physicians to ensure an accurate patient story is translated into claims data. This 60-minute specialty code update webinar focuses on the impact that 6,237 FY 2017 ICD-10-CM/PCS code updates has on clinical documentation. CDI professionals are an integral part of inpatient, outpatient and physician office revenue cycle management. Help your CDI professionals prepare for a smooth transition to FY 2017 and ensure your organization and providers are current and compliant with all the code updates.
List Price: $35 | Member Price: $30

FY 2017 ICD-10-CM CODE UPDATES AFFECTING BEHAVIORAL HEALTH CODING PROFESSIONALS
Product Code: AUDA072416 | CEUs: 2
Behavioral Health is fast becoming the focus of the healthcare industry. The need for timely care and communication between providers has thrust this topic to the forefront. Understanding how accurate code assignment impacts this unique group of professionals is more important than ever before. This 60-minute specialty code update webinar focuses on the impact of the FY 2017 ICD-10-CM/PCS code updates on the behavioral healthcare setting. Attendees will focus on ICD-10-CM codes that will affect the accurate behavioral health code assignment and reimbursement. Prepare for a smooth FY 2017 and ensure your organization is current and compliant with all the code updates.
List Price: $35 | Member Price: $30

FY 2017 ICD-10-CM/PCS CODE UPDATES AFFECTING MS-DRG, APR-DRG AND MCC/CC
Product Code: AUDA072916 | CEUs: 2
This 60-minute webinar focuses on the impact the 6,273 code updates will have on potential DRG payments and MCC/CC lists. CMS has released the proposed changes to the IPPS rule that will include changes to the DRG payments and MCC/CC lists. The proposed rule includes 72 additions to the MCC list and 12 deletions, bringing the total MCC list to 3,328 codes. The proposed rule will bring the total CC list to 14,326 codes with 326 new additions and 66 deletions. The final rule has yet to be released. However, knowing these changes goes hand in hand with understanding the FY 2017 ICD-10-CM/PCS code updates.
List Price: $35 | Member Price: $30

FY 2017 ICD-10-CM/PCS CODE UPDATES AFFECTING CRITICAL ACCESS HOSPITALS
Product Code: AUDA073016 | CEUs: 2
Critical access hospitals are faced with a variety of challenges in today’s complex healthcare industry. The rising cost of healthcare and its fee for service reimbursement structure continues to provide unique struggles for this setting. This 60-minute webinar will focus on the impact 6,273 ICD-10-CM/PCS code updates will have on Critical Access Hospitals. Attendees will focus on code update and case scenarios specific to their care setting.
List Price: $35 | Member Price: $30

FY 2017 CODE UPDATES AFFECTING PATIENT SAFETY INDICATORS AND CORE MEASURES
Product Code: AUDA073116 | CEUs: 2
This 60-minute specialty code update webinar focuses on the impact the FY 2017 ICD-10-CM/PCS code updates may have on data collected and reported for Patient Safety Indicators and Core Measures. Attendees will focus on ICD-10-CM/PCS codes that will affect accurate code assignment and reporting. Prepare for a smooth FY 2017 and ensure your organization is current and compliant with all the code updates.
List Price: $35 | Member Price: $30

FY 2017 ICD-10-CM CODE UPDATE AFFECTING THE EMERGENCY DEPARTMENT
Product Code: AUDA080616 | CEUs: 2
This 60-minute specialty code update webinar focuses on the impact that the FY 2017 ICD-10-CM code updates will have on those in the emergency department setting. Attendees will focus on ICD-10-CM codes that affect many of the common conditions encountered in the emergency department. Prepare for a smooth FY 2017, and ensure your organization is current and compliant with all the code updates.
List Price: $35 | Member Price: $30

OTHER RESOURCES

ICD-10-PCS FLASH CARDS
Product Code: AC700012
The first step in mastering ICD-10-PCS is to become familiar with the terminology, structure, and format of this new code set. These high-quality flash cards will help you to do just that! These 54 full-color flash cards define the 31 Medical and Surgical Root Operations, the 7 Approaches, and the character values of each of the Sections of ICD-10-PCS.
Also available as apps for iPhone, iPad, and Android.
List Price: $10 | Member Price: $8

ICD-10-CM FLASH CARDS
Product Code: AC700213
ICD-10-CM preparation begins with an in-depth knowledge of the structure, conventions, and guidelines of this new code set. These 16 full-color, high-quality flash cards provide a quick and efficient way to master the ICD-10-CM conventions, general coding guidelines, chapter-specific coding guidelines, and other relevant guidelines.
Also available as apps for iPhone, iPad, and Android.
List Price: $10 | Member Price: $8

CODE-CHECK™
AHIMA’s Code-Check™ is made up of credentialed, experienced coders to assist you. Our experience spans multiple settings such as inpatient, ambulatory care, and physician coding, and provides a unique ability to ask an ICD-10-CM, ICD-10-PCS, CPT, or HCPCS question.

Code-Check™ provides:
• Expert interpretation and guidance on necessary pathways for accurate code assignment
• Nomenclature and terminology relationships vital to correct coding paths
• Professional coding staff knowledgeable in ICD-9 and ICD-10 code sets
• Solutions with cited sources
• Guidelines for when to query for necessary documentation
• Identification of patient care variables that affect CPT or HCPCS codes
• Quarterly reporting options for organizations to target employee training needs

Unlike other services, AHIMA Code-Check™ is unique in its ability to combine all four classification systems into one service. This provides the industry with one location that answers all their questions and brings those answers together in standardized quarterly reports.

All answers are based on sound coding guidelines released from both AHA Coding Clinic® and AMA CPT Assistant®.

As a recognized leader in HIM knowledge and a respected authority for coding education, AHIMA is your number one resource for coding questions. Who else can you trust your questions to?

HEALTHCARE REIMBURSEMENT AUDIT TOOLKIT
Product Code: ONB187013
This toolkit provides guidance for developing policies and procedures, establishing an educational program and managing record requests, denials, and appeals. It highlights some of the government entities and programs that focus on medical record audits.
